

How to download and save your eBook

1. Download your eBook

Click your personal download link on the Thank You page or in your Completed Order email. Please note: each click or page refresh counts as one download. **You have 5 downloads available.**

2. Open and save it

Your eBook is a PDF and will open using the default PDF reader on your device. **Be sure to save it so you can access it later.** Some devices save PDFs automatically – if you can't see it straight away, try searching your device for the file name.

3. Need help?

Email hello@krissyballinger.com.au and I'll be happy to help!
